On Steam, every single game is playable on

Windows. Only if the Mac icon is listed are you able to

play it on MacOS. Be sure to read the system requirements page to see

more information on which Macs can best run the game.

Make sure that you download the Mac version

of the installer. Once the installer is downloaded,

double-click on it to start the installation process. Follow the on-screen

instructions to complete the installation. If none of these steps work,

you may want to reach out to Steam support for further assistance.
